

**ACTTAB SPORTSBET  
RULES OF SPORTS BOOKMAKING  
ADAPTED FROM CENTREBET SPORTSBET  
TERMS & CONDITIONS  
MAY 2009**

*These Rules should be read in conjunction with the ACT Race & Sports Bookmaking  
(Rules for Sports Bookmaking)*

## **1. General**

### **1.1 The Competitor Dependency Rule**

Multiple bets are not accepted where the outcome of one part of the bet contributes to the outcome of another, also known as competitor dependency. If such bets are inadvertently accepted, Centrebet reserves the right to declare the whole multi bet void and funds will be returned to the betting account.

### **1.2. Markets / Odds / Prices**

Opening markets are posted as early as practical each week. Exceptions include events whose rounds are spread throughout each week. These include the NHL, NBA, and tennis tournaments etc. For sports like these, the odds are generally framed (pre-determined) on the day prior to the event.

Odds are subject to change at anytime but can be confirmed or updated by telephoning Centrebet, or visiting our website.

Centrebet makes every effort to ensure that our publicised odds are correct. But we do not take responsibility for any inadvertent errors and reserve the right to correct them.

### **1.3 Determining the Payout on Events**

Centrebet officially gathers all results as soon as possible after each event has been finalised. Winnings are then credited to your account. The rules we observe in declaring a final result for events are explained for each sport in the individual sports rules section. Centrebet reserves the right to correct the payout on bets where the result has been incorrectly entered.

For betting purposes, each event, unless specified, must run the designated time or all bets will be void. Multiple bets will be recalculated minus that leg.

### **1.4 Bet Limits / Payout Limits**

Individual bet limits may be determined on a bet-by-bet basis by a Centrebet bookmaker.

Important: Notwithstanding any other rule, the maximum amount that may be won by any client in any calendar week (Monday to Sunday) is two hundred and fifty thousand Australian dollars (AUD\$250,000.00) or its equivalent in other currency.

For calculation purposes, any multiple or futures bets shall be deemed to have been placed during the calendar week of the result of the last event in the multiple or futures bet.

Important - Racing Bets:

Without prior negotiation, the maximum payout by Centrebet to any one individual or entity (or group deemed by Centrebet to be acting on behalf of any one individual or entity) on any one race, shall be limited to:

- \$150,000 for metropolitan Gallops meetings
- \$75,000 for non-metropolitan Gallops meetings
- \$20,000 for metropolitan Greyhound or Harness meetings
- \$10,000 for non-metropolitan Greyhound or Harness meetings

In addition to the above limits, the following limits apply to payouts on Exotic bets (defined as Quinella, Trifecta, Exacta, Forecast and Tricast bets) on any one race:

- \$20,000 for metropolitan Gallops meetings
- \$5,000 for non-metropolitan Gallops meetings and all Greyhound or Harness meetings

### **1.5 Event Venues**

Centrebet agrees, where possible, to follow the European method of listing home teams as the first competitor in any event (excluding American competitions).

Centrebet makes every effort to list event venues, but accepts no responsibility for any neutral venues not being listed as such, or failure to correctly describe event venues.

## **2. Sports Terms & Conditions**

### **2.1 Athletics**

Overall winner of event markets are on an all-in basis. Refunds are not available for non-starters; payouts will be based on the podium positions. For head to head and group betting refer to individual market rules.

### **2.2 Australian Rules Football**

Payouts are based on the official declared result, but conditions may apply to specific betting options (e.g. end of normal time, including extra time - an extension of normal time - etc).

When the draw option is offered, the bet is decided on the result at the end of normal time (i.e. extra time - an extension of normal time - not included). When the draw option is not offered, the Dead Heat Rule applies.

For match winners and goal kicking options, all players must be in the starting line-up for bets to stand unless otherwise specified. The statistics used by the official AFL website ([www.afl.com.au](http://www.afl.com.au)) will be the statistics used for payout purposes.

### **2.3 Baseball**

Games are official after five innings of play. If the home team is leading, the game is official after four and half innings of play. If a game goes past five innings (including any extra innings) and is subsequently called off, the winner is determined by the score after the last full inning of play (except in the case when the home team score to tie, or take the lead in the bottom half of the inning in which the game is called off - the runs do count). However if any game is in delay or play is suspended and subsequently the game is played to completion (on the original start day or the next) the result will be determined by the final score upon completion of the game.

For run line betting, the game is official after 9 innings if the visitor team is winning and after 8.5 innings if home team winning.

For run totals the game is official after 9 innings (8.5 innings if home team is winning) with the exception that at any time the run total is exceeded the wager is official.

Should either of the nominated pitchers (i.e. the pitchers who throw the first pitch of the game for their teams) withdraw before throwing a pitch, all single bets are void and wagers refunded while affected multiple bets will be recalculated excluding that leg.

All baseball betting is conducted on the understanding the nominated pitchers (i.e. the pitchers who throw the first pitch of the game for their teams) are playing.

If a game is abandoned or rescheduled in its entirety to another date, single bets are void and wagers refunded but multiple bets (parlays) will be recalculated excluding that leg.

## **2.4 Basketball**

Payouts will be based on the official final score, extra time (an extension of normal time) included, unless otherwise specified.

In handicap betting, where the line is a flat number, if the score lands on the line all bets are void and bets refunded. Affected multiple bets (parlays) will be recalculated excluding that leg.

If a game is abandoned, postponed to another date, or fails to meet the above criteria, single bets are void and refunded. Multiple bets (parlays) will be recalculated excluding that leg.

## **2.5 Boxing**

All bets on either boxer to win will be decided by the judges' decision, which includes points, technical knockout (TKO), knockout (KO) or disqualification.

If a price is offered for the draw, in the event of a draw all bets on either boxer to win will be losers.

In round-by-round betting, if a boxer fails to answer the bell, the fight will be deemed to have ended in the previous round.

## **2.6 Cricket**

### **Limited Overs (including one-day internationals)**

In one-day matches shortened by weather the outcome will be that determined by the competition rules.

If the match is declared a 'no-result' all single bets are void and bets refunded. Affected multiple bets will be recalculated excluding that leg.

For batting or bowling match-ups both batsmen must reach the crease or both bowlers must bowl one ball for bets to stand. Otherwise all bets are void and bets refunded.

If the match is abandoned before a batsman is dismissed or has passed the other batsman's score then bets are void.

If the match is abandoned before a bowler can complete his allotted overs or take more wickets than the other bowler then bets are void.

Affected multiple bets will be recalculated excluding that leg.

If a match is transferred to a reserve day all bets accepted prior to the toss of the original game will carry over. All bets accepted after that time are void and bets refunded. Affected multiple bets will be recalculated excluding that leg.

### **Test Cricket (including other non-limited overs)**

In the event of a tie - i.e. where both teams have completed two (2) innings each and have the same score - all bets to win on either team will be paid as per Dead Heat Rule. Bets on the draw will be losers.

At least one ball must be bowled for bets to stand - otherwise all single bets are void.

For bets to stand in batting or bowling match-ups, both batsmen must reach the crease or both bowlers must bowl one ball. Otherwise all single bets are void and bets refunded. Affected multiple bets will be recalculated excluding that leg.

For series betting we pay on official result. For exact series result betting all scheduled matches must commence for bets to stand..

Betting on Australian domestic cricket is based on the most points awarded in the match.

### **2.7 Cycling**

In cycling events, betting is on an all-in basis. Refunds are not available for non-starters and bets will stand, unless otherwise specified.

Payouts will be based on the podium positions.

### **2.8 Darts**

For bets to stand, both players must start a match and the match must reach full completion.

### **2.9 Field Hockey**

Betting is based on regulation time. Extra time (an extension of normal time) is excluded unless otherwise specified.

### **2.10 Golf.**

Tournament betting and betting on tournament groups with nine players or more

For bets on a particular player to stand, that player must tee-off. Playoffs are included in determining the winner and every player beaten in a playoff is deemed to have tied for second. If a player is disqualified, only completed rounds prior to the round, where the disqualification occurred, will count.

If a tournament is shortened after commencement then a minimum of 36 holes must be played for bets to stand.

Bets accepted after the end of a day's play are void unless there is further play, which counts towards the result of the tournament (other than a playoff), or the betting is specifically stated to be on the outcome of a playoff.

If a tournament is officially abandoned, all bets on the tournament are void, except options that have already been decided.

Single betting and betting on tournament groups with eight players or less

Both players (or all players in group) must tee off for bets to stand. Playoffs are excluded.

The winner is the player who plays the most holes (excluding playoffs). If they are equal on holes, the best score wins. Holes played in a round that is subsequently abandoned, or for any reason not counted towards the result of the tournament, do not count.

Single Round Betting (two balls, three balls, groups)

Both players (or all players in the three ball or group) must tee off and 18 holes completed for bets to stand.

Where no tie or draw option is offered, the Dead Heat Rule applies. Playoffs are excluded unless otherwise stated.

The winner is the player who plays the most holes (excluding playoffs). If they are equal on holes, the best score wins. Holes played in a round that is subsequently abandoned, or for any reason not counted towards the result of the tournament, do not count. If a round, or part of a round is postponed to another day, wagers placed on single round betting will stand.

Make The Cut Betting

For bets to stand, the named player must play 36 holes (or 54 or 72 holes where the cut is made at that point).

A player is deemed to have made the cut if the player is eligible to play in the round after the cut is made (even if the player chooses not to do so). If a player is not eligible to do so (even if the rules for the cut have been changed during the tournament) that player is deemed to have missed the cut.

### **2.11 Gridiron / American Football**

Payouts will be based on the official final score, including extra time (an extension of normal time).

Under handicap betting, where the line is specified as a flat number, all bets are declared void and refunded (a push) if the score lands on the line. All multiple bets (parlays) affected will be recalculated to exclude the 'push' leg.

First-half lines and bets relate solely to the score in the first half. The first half must be completed for such bets to stand. Second half/half time lines and bets relate solely to the score in the second half (including any extra time, i.e. an extension of normal time).

### **2.12 Handball**

Payouts are based on the score at the end of normal time. Extra time (an extension of normal time) will not count unless specified.

### **2.13 NHL (National Hockey League)**

#### **Outright/Handicap Betting/Totals**

When the draw option is included, payouts are based on the score at the end of normal time (extra time, i.e. an extension of normal time, not included). In handicap and totals betting, extra time is included.

When the game total is a 'flat' number (e.g. seven), and if the total score lands on that number, all bets are void and wagers refunded. Multiple bets will be recalculated excluding that leg.

### **Pick The Score Betting**

Is based on the score at the end of normal time (i.e. extra time - an extension of normal time - is not included).

If a game is abandoned, or postponed to another date, all single bets are void and wagers refunded. Affected multiple bets will be recalculated excluding that leg.

### **Total Goals For Day**

All of the day's games set down for decision must reach their official conclusion or bets are void. The exception being that if the total is exceeded without all games being played to their official conclusion then bets will stand.

#### **2.14 Non-NHL Ice Hockey Games**

Bets are determined on the result after normal time (extra time - an extension of normal time - not included). In World Cup games, shoot-outs count in determining the winner.

### **Pick The Score**

Betting is based on the score at the end of normal time (i.e. extra time - an extension of normal time -not included).

When a game starts, but is subsequently abandoned and/or stopped before the completion of normal time, even if a result is declared by the governing association of the match or the event, all bets are void excepting those that may already have been decided.

#### **2.15 Motor Racing**

Podium placings determine the standings for the settlement of bets.

Classified/Not Classified is paid based on whether the driver has been 'classified' by the ruling body. (See FIA Rules 166-169).

In match-ups or group betting, those participants must line up on the official starting grid for bets to stand. The official starting grid is the grid after the warm up lap.

For betting on drivers' and constructors' championships, the result is declared once the podium positions for the final listed event are known. Post-podium, Centrebet does not recognise overturned decisions for betting purposes.

#### **2.16 Rugby League**

Payouts are based on the official declared result. Conditions may apply to specific betting options (e.g. end of normal time, including extra time - an extension of normal time - etc).

When the draw option is offered, the bet is decided on the result at the end of normal time (i.e. extra time - an extension of normal time -not included). When the draw option is not offered, the Dead Heat Rule applies.

### **2.17 Rugby Union**

Payouts will be based on the official declared result, but conditions may apply to specific betting options (e.g. end of normal time, including extra time - an extension of normal time - etc).

Where the draw option is offered, the bet is decided on the result at the end of normal time (i.e. extra time - an extension of normal time -not included). Where the draw option is not offered, the Dead Heat Rule applies.

### **2.18 Snooker**

For bets to stand, both players must start a match and the match must reach full completion.

### **2.19 Soccer / Football**

#### **2.19.1 General**

Bets are determined on the result after normal time. Normal time includes any stoppage time added by the referee. The result is the official result as first declared by the governing association of the match or the event, as the full time result, notwithstanding any later changes of the official result and/or errors, unless otherwise stipulated by Centrebet.

Where odds are offered for both the 'normal time' result and the 'outright' result, (e.g. cup finals, etc.), you have the option of betting on either outcome.

When betting on 'first goal scorer' own goals (goals accidentally scored by the opposition for the other team) do not count unless otherwise specified.

When betting on 'number of cards' for the match, one red card beats any number of yellow cards unless otherwise specified.

#### **2.19.2 Each Way First Scorer**

- a. Singles and upwards accepted.
- b. The place part of each way bets will be settled at one third the odds on the first, second and third goals. Players who do not score until after three goals have been scored will be treated as losing selections. However, where one of the first three goals is an own goal then the bet will carry forward to the fourth goal and two own goals to the fifth goal etc.
- c. If less than three goals are scored then settlement will be based on the actual goals scored. Where no goals are scored all each way bets will be treated as losing selections.
- d. Where a player scores the first goal, both the win and place part of the bet are successful and will be settled at the appropriate win and place odds. If the same player scores the second or third goal no additional winnings will be paid.

- e. Where a player scores the second or third goal, the place part of the bet is successful. If the same player scores the second and third goals, no additional winnings will be paid for the third goal.
- f. Where the selection does not take part, or comes on after the first goal is scored, both the win and place part of the bet will be void, unless the first goal is an own goal, in which case bets will stand.
- g. Players that are substituted/sent off before the first goal is scored are treated as losing selections in both the win and place part of the bet.
- h. Each way bets on no goal scorer or last goal scorer are not accepted and if taken in error will be settled "all up to win", i.e. the total stake will be invested as a win only bet.
- i. Each way selections are not accepted in first goal scorer/correct score doubles and if taken in error will be settled "all up to win".
- j. Place only bets are not accepted and if taken in error will be settled as each way with the stake divided.
- k. Own goals do not count.
- l. Extra time does not count.

## **2.20 Tennis**

If a match ends prematurely due to either players retirement or disqualification, all single bets are void and wagers refunded, while affected multiple bets will be recalculated excluding that leg.

For sets betting, if the match doesn't start, or is unfinished due to either player's incapacity or disqualification, then all single bets are void and bets refunded. Affected multiple bets will be recalculated excluding that leg.

## 3. Racing Terms & Conditions

### 3.1 Definitions

**All-in:** Regardless of whether or not a particular runner starts or completes the event on which a bet is placed, all bets stand and no refunds shall be payable.

**Betting Receipt:** A receipt (ticket) issued in accordance with these rules, including any form of electronic record.

**Dead Heat:** Occurs when two or more runners are officially declared to have finished equal. This applies to both winners and place-getters in a single race. Payout on runners involved in a dead heat is equal to the face value of the bet divided by the total number of runners involved in the dead heat.

**Dividend:** The agreed payout or return, including any stake, on a bet.

**Each Way:** A bet that combines a win and a place on the same selection. The place odds are derived from the win odds by means of a divisor (typically 1/4 for 3 places) - as opposed to a 'Win & Place' bet - where the place odds can be set independently of the win odds.

The stake is applied to each 'line' (for the win portion and the place portion). If the selection wins, then both the win and the place dividends are paid. If the selection places, then only the place dividend will be paid.

The number of place dividends paid (typically 3) may vary according to the conditions of the event – these are known as the “Place Terms”.

**Each Way Multi:** When Each way (or Win & Place) legs are used together in a Multi, the only 2 'lines' (combinations) used are - all of the wins together and all of the places together.

**Exotic Bet:** A bet which involves selecting more than one horse in the same race where the result is determined by correctly selecting the finishing order of a specified number of place-getters. Examples of exotic bets are Quinella, Trifecta (Tricast) and Exacta (Forecast).

**Fixed Odds:** The dividend you receive at the time you place your bet is fixed and does not change no matter how the market fluctuates (with the exception of deductions to betting in the event of a late withdrawal, in which case the deductions are as per official announcements)

**Odds:** The figure by which you multiply your stake to calculate your potential winnings. Also known as 'price'. Either:

1. When expressed in monetary terms, the return for an outlay of a certain monetary unit, inclusive of the unit of outlay, or
2. When expressed in fractional terms, the ratio of win to stake agreed to by Centrebet and client at the time the bet is made.

**Place Terms:** Where any form of place betting is available (Each Way, Win & Place, Place Only) the number of places to be paid out and (for Each Way) the divisor used to derive the place odds forms the Place Terms for that event.

**Rules:** The Centrebet Terms and Conditions contained herein, as amended from time to time, including explanation of terms and jargon as stated in the terms and Conditions and Help pages.

**Racing Bet:** Any bet or wager made with Centrebet on a racing event.

**Stake:** The monetary outlay by the client in placing a bet.

**Win:** The profit portion of a dividend. That is, dividend less any stake wagered by the client.

**Win & Place:** A bet that combines a win bet and a place bet on the same horse where the place odds are independent of the win odds (as distinct from Each Way).

**Jockey Challenge:** Is betting on a jockey achieving the highest aggregate points scored in races conducted at a particular race meeting or over a specified period. e.g. Spring Carnival.

### **3.2 Determination of Results**

#### **3.2.1 Racing Betting General**

**Determination of Result:** Unless otherwise agreed by Centrebet and the client all racing bets will be settled on the official declaration of the result of the race made by the relevant racing authority on the day of the race.

The result will not be affected by subsequent processes or amendments to placings.

**Maximum payout - Racing Bets:** Without prior negotiation, the maximum payout by Centrebet to any one individual or entity (or group deemed by Centrebet to be acting on behalf of any one individual or entity) on any one race, shall be limited to:

- \$150,000 for metropolitan Gallops meetings
- \$75,000 for non-metropolitan Gallops meetings
- \$20,000 for metropolitan Greyhound or Harness meetings
- \$10,000 for non-metropolitan Greyhound or Harness meetings

In addition to the above limits, the following limits apply to payouts on Exotic bets (defined as Quinella, Trifecta, Exacta, Forecast and Tricast bets) on any one race:

- \$20,000 for metropolitan Gallops meetings
- \$5,000 for non-metropolitan Gallops meetings and all Greyhound or Harness meetings

For Multi Bets the following rules are applicable:

- Maximum of 12 legs
- Maximum odds 10,000 / 1
- Maximum payout \$250,000

**Futures Betting:** Markets are made available on an all-in basis as early as possible. Usually this will occur soon after the closing date for nominations.

With no guarantee of a start there are no refunds on all-in bets if a runner does not run. Consequently there are no deductions from the price taken. In a large field prices are usually longer at this stage than they will be closer to race date.

When the final field is declared a few days before the race, the conditions of placing a win or each way bet change and a start is then guaranteed.

Bets placed after the declaration of the final field are refunded if subsequently withdrawn and bets on the remaining runners may be subject to a deduction determined by the price of the scratched horse.

Multi bets (features doubles) remain on an all-in basis after the final field is declared.

**Pre-post:** Pre-Post markets are available for most metropolitan and other selected race meetings from approximately one hour prior to the first race.

**Deductions:** A percentage reduction of the dividend due to late withdrawal or a scratching.

- **Deductions Horse Racing:**
  - **'Late Scratching':** If a horse is scratched from a race during the course of official on track betting, all bets preceding the scratching are subject to deduction in

accordance with the ruling made by the Chief Steward of the presiding race club. If the market is not re-framed, then deductions will apply to Starting Price bets as well.

- **Pre-post:** For scratchings that occur prior to the opening of an official on course market (usually available 25-30 minutes prior to the official race start time) then all fixed odds bets preceding the scratching are subject to deduction in accordance with the National Scale of Deductions based on the price of the scratched runner in the Centrebet fixed odds market.
- **Deductions Harness Racing:**
  - If a horse is scratched from a race, deemed as either a 'Late' or an 'Early' scratching, all fixed odds bets preceding the scratching are subject to deduction in accordance with the National Scale of Deductions based on the price of the scratched runner in the Centrebet fixed odds market.
- **Deductions Greyhound Racing:**
  - If a greyhound is scratched from a race, deemed as either a 'Late' or an 'Early' scratching, all fixed odds bets preceding the scratching are subject to deduction in accordance with the National Scale of Deductions based on the price of the scratched runner in the Centrebet fixed odds market.

**NB:** *The Australian National Scale of Deductions can be found at Page 18 of this document.*

### **3.3 UK Racing Betting\***

\*Includes all racing from Great Britain, Ireland and France.

Ante-Post betting: Ante post bets are those placed at our quoted prices on named selections taking part in an event before it has started (For example bets placed in January on The Derby).

Each-way terms will be available on ante-post events as advertised at the time.

Ante-post markets are only available on specific races, may fluctuate and are available on an all-in basis. Ante-post bets are accepted on the basis of all in, run or not, entered or not and therefore an ante-post bet on an eventual non-runner is a loser.

Should an ante-post selection fail to participate in the event, the bet is a loser unless subject to the following are exceptions:

- If the race/event is abandoned
- If the race/event is declared void
- In the case of horseracing and greyhound racing, if the conditions of the race entry are changed prior to the horses or greyhounds coming under starters orders
- If the venue is altered.

- In the case of horseracing, a horse is balloted out or eliminated under Jockey Club Rule 125, or prevented from running under Jockey Club Rule 1A.
- Where specific terms such as "with a run" are offered at the time a bet is placed and the selection is subsequently withdrawn as a non-runner.

In all the above cases ante-post singles would be made void.

Where the above conditions apply to selections in an ante-post multiple bet, the selections in question will be treated as a non-runners and the bet settled at the ante-post odds laid on the remaining selections.

**Deductions:** A percentage reduction of your dividend due to late withdrawals or non-runners in accordance with Tattersall's rule 4(c). Only Final Field events are subject to deductions in the case of late withdrawals or non-runners. The rate of deduction will be based on the following scale:

- 3/10 or shorter (1.30 or shorter) 75p
- 2/5 to 1/3 (1.40 to 1.33) 70p
- 8/15 to 4/9 (1.53 to 1.44) 65p
- 8/13 to 4/7 (1.61 to 1.57) 60p
- 4/5 to 4/6 (1.80 to 1.66) 55p
- 20/21 to 5/6 (1.95 to 1.83) 50p
- Evens to 6/5 (2.00 to 2.20) 45p
- 5/4 to 6/4 (2.25 to 2.50) 40p
- 13/8 to 7/4 (2.62 to 2.75) 35p
- 15/8 to 9/4 (2.87 to 3.25) 30p
- 5/2 to 3/1 (3.50 to 4.00) 25p
- 10/3 to 4/1 (4.33 to 5.00) 20p
- 9/2 to 11/2 (5.50 to 6.50) 15p
- 6/1 to 9/1 (7.00 to 10.00) 10p
- 10/1 to 14/1 (11.00 to 15.00) 5p
- over 14/1 (over 15.00) no deductions

In the event of two or more runners being withdrawn from the same race, before coming under starter orders, the total deductions shall not exceed 75p in the pound.

**Place Terms:** The number of places (and dividends paid) will vary according to the conditions of the race and are as follows:

### **Non-Handicap Races:**

- 2-4 Runners - Win Only - Number of places paid = 1
- 5-7 Runners - 1/4 Odds - Number of places paid = 2
- 8+ Runners - 1/5 Odds - Number of places paid = 3

### **Handicap Races:**

- 12-15 Runners - 1/4 Odds - Number of places paid = 3
- 16+ Runners - 1/4 Odds - Number of places paid = 4

**Final Field Betting:** Racing bets made on events after the declaration of the final field are subject to deductions in the case of non-runners as determined by Tattersall's rule 4(c). If the market is not 'reframed', deductions will also apply to Starting Price bets.

**Late withdrawals or non-runners where event is subsequently postponed:** Where a bet is made on a contender in an event and that contender is scratched, withdrawn or disqualified from that event, and notwithstanding that event is subsequently postponed and unable to be replayed or conducted within two (2) calendar days (or as listed in the Sports Specific rules), the bet shall stand and no refund will be payable.

**Effect of withdrawal on Place Terms:** This rule applies to Fixed Odds, Starting Price (SP) and Starting Price Plus (SP+). If an each-way or place only bet is placed in a field that is reduced to four(4) or less runners, then the place portion of the bet is converted to win only.

### **3.4 Scandinavian Trotting**

**Fixed Odds:** The dividend you receive at the time you place your bet is fixed and does not change no matter how the market fluctuates (with the exception of deductions to betting in the event of a late withdrawal, in which case the deductions are as per Tattersall's rule 4(c)).

**Norwegian:** Pay on best finishing order from [www.rikstoto.no](http://www.rikstoto.no). Bets are void if either horse does not start or both horses are disqualified. Dead Heat Rule applies.

**Finnish:** Pay on best finishing order from [www.fintoto.fi](http://www.fintoto.fi). Bets are void if either horse does not start or both horses are disqualified. Dead Heat Rule applies.

**Danish:** Pay on best finishing order from [www.danskespil.de](http://www.danskespil.de). Bets are void if either horse does not start or both horses are disqualified. Dead Heat Rule applies.

**Futures Betting:** Markets are made available on an all-in basis as early as possible. Usually this will occur soon after the closing date for nominations.

With no guarantee of a start there are no refunds on all-in bets if a runner does not run. Consequently there are no deductions from the price taken. In a large field prices are usually longer at this stage than they will be closer to race date.

When the final field is declared a few days before the race, the conditions of placing a win or each way bet change and a start is then guaranteed.

Bets placed after the declaration of the final field are refunded if subsequently withdrawn and bets on the remaining runners may be subject to a deduction determined by the price of the scratched horse.

Multi bets (features doubles) remain on an all-in basis after the final field is declared.

**Deductions for Late Scratchings (Non Runners):** A percentage reduction of your dividend due to late withdrawals or non-runners in accordance with Tattersall's rule 4(c). Only Final Field events are subject to deductions in the case of late withdrawals or non-runners. The rate of deduction will be based on the following scale:

1. 3/10 or shorter (1.30 or shorter) 75p
2. 2/5 to 1/3 (1.40 to 1.33) 70p
3. 8/15 to 4/9 (1.53 to 1.44) 65p
4. 8/13 to 4/7 (1.61 to 1.57) 60p
5. 4/5 to 4/6 (1.80 to 1.66) 55p
6. 20/21 to 5/6 (1.95 to 1.83) 50p
7. Evens to 6/5 (2.00 to 2.20) 45p
8. 5/4 to 6/4 (2.25 to 2.50) 40p
9. 13/8 to 7/4 (2.62 to 2.75) 35p
10. 15/8 to 9/4 (2.87 to 3.25) 30p
11. 5/2 to 3/1 (3.50 to 4.00) 25p
12. 10/3 to 4/1 (4.33 to 5.00) 20p
13. 9/2 to 11/2 (5.50 to 6.50) 15p
14. 6/1 to 9/1 (7.00 to 10.00) 10p
15. 10/1 to 14/1 (11.00 to 15.00) 5p
16. over 14/1 (over 15.00) no deductions

In the event of two or more runners being withdrawn from the same race, before coming under starter orders, the total deductions shall not exceed 75p in the pound.

### **3.5 Jockey Challenge**

Unless otherwise specified by the market rules (typically for Jockey Challenge based on events outside of Australia);

'Jockey Challenge' is betting on a jockey achieving the highest aggregate points scored in races conducted at a particular race meeting or over a specified period. E.g. Spring Carnival

The winner will be the jockey who has the most points accumulated at the end of the meeting, specified races or period. Points will be accrued per race and calculated as follows:

- 3 points for a winning ride
- 2 points for a second placed ride
- 1 point for a third placed ride.

Betting on the Jockey Challenge is Win Only. In the case of two or more jockeys finishing the day on the same amount of points the Dead Heat Rule applies. This is regardless of the amount of outright winners ridden by either of these jockeys.

All wagers on Jockey Challenge are on an 'All-in' basis.

In the event of a race meeting being abandoned or postponed all bets are void and monies are to be refunded except as in the following two scenarios;

1. In the event of a race meeting not being completed as originally programmed all bets shall be deemed void and monies are to be refunded, except when it is determined by Racing NSW Stewards that a jockey has an unassailable lead, in which case all bets stand.
2. In the case of a Jockey Challenge betting on a racing carnival race meeting which is not completed in its entirety, all bets shall be deemed void and monies are to be refunded, except when it is determined by Racing NSW Stewards that a jockey has an unassailable lead, in which case all bets stand.

Points will only be allocated to the jockey(s) who actually ride the winning or placed horse(s) in a race. Points will not be allocated to any rider who may have been engaged to ride a horse but was subsequently replaced by permission or direction of the Stewards.

There will be no refunds of bets should a jockey be replaced by another rider.

Payment will be declared at the end of each race meeting or a racing carnival, unless otherwise directed by the Stewards.

**Note:** The option 'Any Other Individual Jockey' covers any jockey in the particular meeting whose odds are not listed in the market.
